Washington street, west of Meridian mittent & Remittent Fevers & all the various forms of Bilious Diseases SPEEDILY & THOROUGHLY Or Drosgood's India Cholago

Dr. Osgood's Indian Cholagogue.-For the cure of Fever and Ague, Chill Fever, Dumb Ague, Intermittent and Remittent Fever, Liver Complaint, Janudice, Enlargement of the Liver and Spleen, and all the various forms of bilious diseases, The following extract is from the "Farmer's and Emigrant's Hand Book," a valuable work of about five hundred pages recently published by Messes. Appleton & Co. New York. In chapter 8, page 235, the author, speaking of the Fever and Ague, remarks : There is a valuable medicine sold in most of the Western cities, which we can conscientiously recommend for Fever and Ague, and other bilious diseases; it is the India Cholagogue. which is prepared by Dr. Osgood of New York, who has made the bilious disorders of the West his especial study. We are no friend to those medicines usually called patent, but we have had ample opportunity of knowing the invaluable effects of the Cholagogue in bilious cases.'

The speedy and permanent relief afforded by the Cholagogue, arises from its prompt and healthy action upon the blood, cleansing it from bile and restoring it to purity; thus striking at the root. Its tendency is not simply to suspend disease, but to remove the cause on which it depends. It is equally adapted to all ages and conditions of the system.

From S F. Carey, Counsellor at Law, to the Agents in Cincinnati, CINCINNATI, October 11, 1846. Messrs, Sanford & Park : In June last I was attacked with that most afflicting and unpleasant disease, the Chill and Fever. The paroxysms returned daily, and were very severe. My physical energies had been much impaired, by a previous attack of billious fever. Having tried several favorite remedies without relief, a three of my children have been cured of the scrofula by the use of friend in whom I had confidence, recommended Dr. Osgood's In dia Cholagogue. I procured a tottle, and followed the accompanying directions. The consequence was, that I had but one paroxyism after taking the first dose, and my general health was rapidly restored without using any other medicine. I disposed with the remainder of the bottle to two other persons similarly ufflicted, and with the same results. One of them had been shaking for eight months, and was relieved in two days by the use of the Cholagogue. I consider it my duty, as it is my pleasure to re-ommend it, having the most entire confidence in its sanative powers. J. D. PARK, 4th and Walnut sts., general agent for the West,
